RADIO PROGRAM THE PRESENT TRUTH

SOWING FOR ETERNITY

A message that came at just the right moment.

Mr. Juan Pablo was working in his electronics workshop when he began tuning in to different radio frequencies, looking for a program that would catch his attention. That's when he came across DK1250 AM and heard the Word of God, so he decided to stay tuned to that station. The topic being discussed was "Praise Him in Truth." The message deeply resonated with him, because he felt he was hearing exactly what he needed in his life. When he heard the phone number and learned that a Bible was being given away, he decided to call and request one. A few days later, Mr. Juan Pablo came to our office on Revolución to pick up the Bible and some materials. Today, after so many years, as he listens once again to the Word of God through the radio program, he feels that the Holy Spirit is touching his heart and calling him to seek Jesus. For him, this encounter with the message has been a true blessing. The Bible and the books he received will be tools for studying, learning more about God, and strengthening his relationship with Christ. The radio was the medium, but it was God who directed the message to his heart. Thank you to every person who, through their prayers, support, and offerings, makes it possible for the radio program on DK1250 AM to continue on the air. ¡Every prayer, every offering, and every effort counts toward sowing for eternity!

THE HOLY SPIRIT AT WORK

The Lord has repeatedly told us that we must work in the cities from outposts located outside them. In those cities we must have places of worship, as monuments to God, but the institutions dedicated to publishing the truth, healing the sick, and training workers must be established outside the cities... Selected Messages 2:411 (1902)

"Tomorrow May Be Too Late," presented at the church in Zapotlanejo, Jalisco.

"Testimony of Life," presented by Malena from the DK1250 AM radio booth

Saturday gathering at Revolución, spending time with our brothers and friends in Guadalajara.

Radio programs, the materials we share, digital platforms, and **every missionary effort require constant support.** Thanks to God's grace and your weekly and monthly support, **we continue to make progress in proclaiming the Three Angels' Messages.** May God help us to remain faithful until the end. **With deep gratitude, we acknowledge your prayers, your support, and every offering that strengthens and drives this mission from Guadalajara, Jalisco, Mexico. ¡Thank you very much! ¡Our Lord Jesus is coming soon!**
