

PERU NATIVE OUTREACH

A Work of Faith and Commitment in the native communities of Mazamari and Satipo in Peru

By Pastor Eliseo Lertzundi

INTRODUCTION

In the remote native communities of Mazamari-Satipo, in Peru, we carry out a work of faith and unwavering commitment to carry out the mission that the Lord has entrusted to us according to Mark 16:15 "And he said to them: Go into all the world and preach the gospel to every creature. He who believes and is baptized will be saved; But he who does not believe will be condemned."

With missionary work and the help of essential resources, our ministry has become a beacon of hope for these communities, teaching, preaching the

word of God and providing help to the natives. However, to continue advancing in this noble task, we are grateful for what God is doing to sustain the project and continue to positively impact the lives of people in these communities.

A COMMITTED MISSIONARY WORK

We dedicate our lives and resources to the mission of bringing the word of God to the native communities of the city of Satipo. Our commitment to this task goes beyond words as we invest our time, energy and resources in reaching out to these communities and providing both spiritual and practical support.

PREACHING GOD'S WORD

The preaching of the word of God is one of the fundamental pillars of our work. Through Bible teachings, Bible studies, and religious services, we share the message of love, hope, and faith with the natives. The goal is to strengthen the spirituality of the communities and provide them with a sense of purpose and direction in life.

PRACTICAL HELP:

We are committed to providing practical help to the native communities of Mazamari and Satipo. We understand that basic needs must be addressed so that people can have a better quality life. For this it is important to provide for their

minimum needs since these communities are deprived of resources. Therefore, we collect donations of food, clothing, seeds and medicines that help to meet these minimum needs. We thus consolidate our mission of preaching the gospel of Jesus Christ to the whole world.

We teach about the importance of hand washing, food hygiene and disease prevention through health reform. Biblical principles have been integrated into the teachings on personal care and spiritual health. It has been shown how the search for a deep relationship with God can positively impact all aspects of life, including physical and emotional health.

THE IMPACT AND CHALLENGES

Our challenge is to have a training center for missionary instruction in health, biblical teaching and sustainable agriculture. In Matthew 9:35 we read how Jesus went through all the cities and villages, teaching in their synagogues, and preaching the gospel of the kingdom, and healing all sickness and disease among the people. This model is our goal and example.

Thank you for caring and for praying for us.
