RADIO PROGRAM THE PRESENT TRUTH

SOWING FOR ETERNITY

Revelation 14:6 describes an angel flying in the midst of heaven with the “eternal gospel” to proclaim it to every nation, tribe, tongue, and people. This urgent message proclaims that the hour of God's judgment has come, urging people to fear Him and worship the Creator. The radio program carries out this mission by bringing the message to the entire Guadalajara metropolitan area and surrounding communities. We received a message during the week that simply said “Books” on WhatsApp. We replied that if he wanted to receive *The Great Controversy* and *Steps to Christ*, he should send us his name, address, and zip code. Within minutes, he shared the information, we scheduled a visit, and called him before arriving to make sure he could receive us. When we arrived at his home, he and his wife—who is a catechist—welcomed us very kindly. She was very happy and grateful for the books and for the attention of bringing them to her personally. She shared with us that she will soon be teaching children at the Catholic church and that the content of the books will be a great blessing to share in her parish. Her husband Andrés enjoys the radio program and hopes that the Gospel will continue to reach his home and more people who want to learn about the word of God. He kindly allowed us to take this photo to show what God is doing in the city of Guadalajara. We deeply appreciate your prayers and the financial support with which you sustain this mission.

THE HOLY SPIRIT AT WORK

Where are the men who will go forth to do the work, trusting fully in God and ready to act decisively? God makes this appeal: **“Son, go today and work in my vineyard.”** God will make today's young people His chosen **messengers to present the truth to the people in contrast to error and superstition, if they will give themselves to Him.** May God place the burden upon strong young men, **in whom His word dwells and who are willing to present the truth to others.**—Manuscript 134, 1898.

Experiencing moments of faith and praise at the women's rehabilitation center in Tlaquepaque.

A musical special filled with praise for the glory of God at the church in Zapopan.

Another Saturday filled with fellowship with brothers and sisters and visitors, united to worship our God.

Radio programs, the materials we share, digital platforms, and every missionary endeavor need constant support. Thanks to God's grace and your weekly and monthly support, **we continue to move forward in proclaiming the Three Angels' Messages.** May God enable us to be faithful until the end. **We gratefully acknowledge your prayers, your support, and every offering that propels this mission in Guadalajara, Jalisco, Mexico.** Thank you very much!

¡Our Lord Jesus is coming soon!
